Southwest University President Scholarship

Scholarship Categories

- Scholarship for bachelor's degree students (including visiting students)
- Scholarship for Master's degree students
- Scholarship for doctoral degree students

Scholarship Grades

- The first prize scholarship
- The second prize scholarship

Scholarship Coverage

- The first prize scholarship covers registration fee and tuition fee (including experiment and internship expense), provides Comprehensive Medical Insurance for International Students in China, monthly living allowance (CNY1100 for bachelor's degree students and visiting students, CNY1400 for master's degree students and CNY1700 for doctoral degree students).
- The second prize scholarship covers registration fee and tuition fee (including experiment and internship expense), provides Comprehensive Medical Insurance for International Students in China.

Scholarship Duration & Annual Assessment

Generally, scholarship holders could get the corresponding scholarship according to their study duration: bachelor's degree students for 4 years, master's degree students 2-3 years, doctoral degree students 3 years and visiting students 1 year.

To maximize the inspirational function of the scholarship and follow relative regulations of the *Annual Assessment of Southwest University President Scholarship*, there is an annual assessment of the scholarship holder's comprehensive performance during the previous academic year every May to see whether the scholarship holder is qualified enough to continue the scholarship or not.

Scholarship Eligibility

- Non-Chinese citizen in good health
- Education background and age limit

—Applicants for bachelor's degree studies must have graduated from senior high school, under the age of 30.

—Applicants for master's degree studies must have bachelor's degree, under the age of 35.

— Applicants for doctoral degree studies must have master's degree, under the age of 40.

—Visiting students for the study of their own major or for the study of Chinese language should be at least at their second year of undergraduate study or have bachelor's degree or similar degrees, under the age of 45.

- Not sponsored by any other kind of scholarship.

Programs offered

Chinese-taught Bachelor's Degree Programs

Philosophy	Public Administration
Administration Management	Political science and Public

	Administration
Economics	International Economics and Trade
Finance	Business Administration
Management of Human Resources	Tourism Management
Accounting	Management of Farming and Forestry
Logistics Management	Social Work
Cultural Industry Management	Public Relations
Pedagogy	Pre-School Education
Special Education (for the disabled or mentally retarded)	Psychology
Applied Psychology	Physical Education
Sports Training	Chinese Language and Literature
Film and Drama Literature	Musicology
Musical Performance	Dance Studies
Painting and Chinese Painting	Sculpture
Fine Arts Studies	Environmental design
Visual Communication Design	History
Ethnology	Mathematics and Applied Mathematics
Statistics	Physics
Electronic Information Engineering	Communication Engineering
Chemistry	Applied Chemistry
Material Chemistry	Chemical Engineering and Technology
Bioscience	Bioengineering
Sericulture	Biotechnology
Geography	Environmental Resources &Rural and Urban Area Planning
Geographical Information System	Material Physics
Metallic Materials Engineering	Environmental Science
Hydrology and Water Resources	Environmental Engineering

Engineering	
Forestry Studies	Water and Soil Conservation and Desertification Control
Agricultural Resources and Environment	Land Resources Management
Automation(Controlling)	Computer Science and Technology
Software Programming	Information Management and Information System
Educational Technology	Network Engineering
Electronic Business	Automation(Engineering)
Electronic Science and Technology	Civil Engineering
Design and Manufacture of Machinery & Its Automation	Agricultural Mechanization & Automation
Vehicle Engineering	Agricultural Architecture Environment & Energy Engineering
Textile Engineering	Light-chemical Engineering
Costume Design and Engineering	Food Science and Engineering
Packaging Engineering	Food Quality and Security
Tea Science	Horticulture
Landscape Architecture	City Planning
Agronomy	Biotechnology
Rural Region Development	Plant Protection
Forest Protection	Pharmaceutics
Pharmaceutical Engineering	Grassland Science
Animal Science	Veterinary Medicine
Aquatic Culture	Law
Journalism	Art of Broadcasting and Hosting
Editing and Directing of Radio and TV programs	Teaching Chinese to Speakers of Other Languages

Chinese-taught Master's Degree Programs

Chinese Philosophy	Foreign Philosophy
Logic	Ethics
Religious Studies	Science and Technology Philology
Political Theory	Chinese and Foreign Political Systems
International Politics	Administrative Management
Public policy	Civil and Commercial Law
Political Economics	National Economics
Regional Economics	Finance
Industrial Economics	Accounting
Business Management	Tourism Management
Management of Agricultural Economy	Land Resource Management
Sociology	Public Relations
Applied Psychology	Pedagogic Principles
Curriculum and Pedagogy	History of Education
Comparative Education	Preschool Education
Tertiary Education	Vocational and Technical Education
Special Pedagogy	Theories of Educational Law
Developmental and Educational Psychology	Educational Business and Administration
Elementary pedagogy	Adult Education
the Development of Young Children's Organization and Ideology	Educational Technology
Minority Education	Basic Psychology
Sports Humanistic Sociology	Sports Human Science
Physical Education	Science of Ethnic Traditional Sports
Aesthetics	Theory of Literature and Arts
Linguistics and Applied Linguistics	Chinese Philology

Science of Chinese Ancient Documents	Chinese Classical Literature
Chinese Modern and Contemporary Literature	Language and Literature of Chinese Minorities
Comparative and World Literature	Movie Studies
Studies of Fine Arts	Journalism
Communication Science	Musicology
Artistic Theory	Ethnology
Chinese Minorities History	Chinese History
World History	Basic Mathematics
Calculating Mathematics	Probability Theory and Mathematical Statistics
Applied Mathematics	Operational Research and Cybernetics
Mathematics Education	Statistics
Theoretical Physics	Condensed Matter Physics
Optics	Signal and Information Processing
Inorganic Chemistry	Analytical Chemistry
Organic Chemistry	Physical Chemistry
Polymeric Chemistry and Physics	Environmental Science
Applied Chemistry	Pharmaceutical Analysis
Botany	Zoology
Genetics	Developmental Biology
Biochemistry and Molecular Biology	Ecology
Microorganism and Biochemical Pharmacy	Physical Geography
Human Geography	Cartology and Geographical Information System
Quaternary Geology	Material Chemistry and Physics
Material Science	Environmental Engineering
Environment Planning and Management	Soil Science

Plant Nutriology	Agricultural environment protection
Land Resource Science	Forest Cultivation
Water and Soil Conservation and Dissertation Prevention	Computer Systematic Structure
Computer Software and Theories	Applied Computer Skills
Computer Controlling Technology	Software Engineering
Library Science	Informatics
Mechanization of Farming	Agricultural Water and Soil Engineering
Agro-Biological Environment and Energy Engineering	Agricultural Electrification and Automation
Civil and Architectural environment	Electrical and Mechanical Systems Engineering
Fiber Materials and Engineering	Design Theory
Science of Tea	Food Science
Engineering of Crop, Fat and Plant Protein	Processing and Storage of Farm Product
Processing and Storage of Aquatic Products	Food packaging engineering
Cell Biology	Landscape Plants and Ornamental Horticulture
Science of Fruit Trees	Science of Vegetables
Crop Genetics and Breeding	Ornamental Horticulture
Crop Cultivation and Geoponics	Traditional Chinese Pharmacology
Plant Pathology	Agricultural Pest Control
Pesticide Science	Biosafety
Hydrobiology	Microbiology
Animal Hereditary Breeding and Reproduction	Animal Nutriology and Feedstuff Science

Basic Veterinary Medicine	Preventive Veterinary Medicine
Clinical Veterinary Medicine	Aquaculture
Lawn Science	Physiology
Special Economic Animal Breeding	Biophysics
Special Economic Animal Science	Clean Energy Science
Master of Teaching Chinese to Speakers of Other Languages	

English-taught Master's Degree Programs

Pedagogy	Clinical and Healthy Psychology
Clean Energy Science	Biochemistry and Molecular Biology
Ecology	Crop Genetics and Breeding
Environmental Science	Clinical Veterinary Medicine
Aquaculture Science	Materials Physics and Chemistry
Signal and Information Processing	Chinese History

Chinese-taught Doctoral Degree Programs

Logic	Religious Studies
Management of Agricultural Economy	Management of Forestry Economy
Agricultural Economy Accounting	Rural commerce and Finance
Statistics	Pedagogic Principles
Comparative Education	Preschool Education
Tertiary Education	Adult Education
Vocational and Technical Education	Theories of Educational Law
Science of Educational Technology	Ethic Pedagogy
Developmental and Educational Psychology	Theory of Curriculum and Instruction
History of Education	Elementary Pedagogy

Basic Psychology	Applied Psychology
Chinese Classical Literature	Chinese Modern and Contemporary Literature
Comparative and World Literature	Aesthetics
Chinese Philology	
Theory of Literature and Art	Chinese Classical Philology
Chinese History	Basic Mathematics
Applied Mathematics	Probability Theory and Mathematical Statistics
Mathematics Education	Analytical Chemistry
Organic Chemistry	Physical Chemistry
Solid State Physics and Chemistry	Botany
Zoology	Hydrobiology
Microbiology	Cell Biology
Developmental Biology	Biochemistry and Molecular Biology
Ecology	Aquaculture
Physical Geography	Agricultural Water-Soil Engineering
Agricultural Biological Environment and Energy Engineering	Soil Science
Plant Nutriology	Agro Environmental Protection
Land Resource Science	Intelligent Computing and Complex System
Agricultural Mechanization Engineering	Special Economic Animals Science
Special Economic Animals Breeding	Food Science
Engineering of Crops, Fat and Plant Protein	Processing and Storing of Farming Products
Processing and Storing of aquatic Products	Gardening

Science of Fruit Trees	Science of Vegetable
Ornamental Horticulture	Genetics
Crop cultivation and Geoponics	Crop Genetic Breeding
Plant Pathology	Pest Control
Pesticide Science	Biosafety
Studies of animal husbandry	Animal Genetics, Breeding and Reproduction
Animal Nutrition and Feed Science	Bio-Pharmaceutical Sciences
Physiology	Clean Energy Science

English-taught Doctoral Degree Programs

Pedagogy	Clinical and Healthy Psychology
Microbiology	Ecology
Biochemistry and Molecular Biology	Crop Science
Agro Resource and Environment	

Application and Recruitment Procedures

Online Application and Admission Procedures:

- Log onto the website of SWU online application for international students (http://222.198.126.224/). Complete steps including online name registration, password setting, and verification code input, etc.;
- Click "**Download**" on the website of SWU online application for international students (http://222.198.126.224/), and download "Application Form for Southwest University President Scholarship" and "Physical Examination Form for Foreigner";
- Fill in "Application Form for Southwest University President Scholarship". Take physical exam at local public hospital as requested.
- Log into the SWU online application system for international students, then fill in/select certain information, and upload required application

documents;

- Confirm all information filled in/selected and documents uploaded, and then click "**Submit**";
- Southwest University President Scholarship Council evaluates the application materials and decides on the enrollment name list;
- Southwest University announces the name list of the successful applicants on the website of http://gjxy.swu.edu.cn, and notifies them by emails
- Applicants admitted remit application fee CNY 400 to Southwest University bank account;
- "Admission Notice" and "Visa Application for Study in China" (JW202 form) are to be mailed to applicants admitted by the end of June every year;

Traditional Application and Admission Procedures:

- Download "Application Form for Southwest University President Scholarship" and "Physical Examination Record for Foreigners" at downloading center of the website http://gjxy.swu.edu.cn, or contact the International Students Admission Office, Southwest University for such documents
- Fill in the Application Form for Southwest University President Scholarship and do physical examination at the local public hospital as requested.
- Prepare the other application documents requested and send the full package of application documents to the International Students Admission Office, Southwest University.
- Southwest University President Scholarship Council evaluates application documents and decides on the enrollment name list.

- Southwest University announces the name list of the successful applicants on the website of http://gjxy.swu.edu.cn, notifies them by emails.
- Applicants admitted remit application fee CNY 400 to Southwest University bank account.
- "Admission Notice" and "Visa Application for Study in China" (JW202 form) are to be mailed to applicants admitted by the end of June every year.

P.S. Southwest University bank account information

Name of the account: Southwest University

Name of the bank: Bank of China, Chongqing Beibei branch

Bank account number: 0000 1102 0510 3057

Bank code: BKCHCNBJ59A

Address of the bank: Beibei District, Chongqing, P. R. China

Zip Code: 400700
