11TH International Invention Fair in the Middle East
27- 30.01.2019 Kuwait

To: Embassy of the Republic of Armenia,

Dear Sir/madam ..

We are honored to have the pleasure to invite the inventors and innovators in your country to participate in the **11th International Invention Fair in the Middle East** (**IIFME**), which is to take place on **27–30 January 2019** in Kuwait, conducted under patronage of His Highness the Amir of Kuwait **Sheikh Sabah Al-Ahmad Al-Jaber Al-Sabah**. The fair is organized annually by the Kuwait Science Club (**KSC**).

KSC is a nonprofit educational and scientific organization that was established in 1974, proudly serving Kuwaiti Society in the field of science and giving support to the wider Arab region through participation in scientific conferences and conventions with manpower and funding. Hosting and organizing the **11th IIFME** in collaboration with the International Exhibition of Inventions of Geneva is our proudest achievement.

IIFME aims at providing a platform for Arab inventors to meet with their counterparts from non-Arab speaking countries, strengthening cooperation between investors and inventors and attracting well-known inventors to participate in the fair and socialize with investors and Arab inventors.

In support of its vision to attract the best and the brightest minds from around the world, **IIFME** is proud to be the only fair in the world that offers cash prizes exceeding **$50,000**. Participants and inventors in the fair will also have a chance to meet Gulf investors and board members of the Chambers of Commerce from Gulf States. As an added bonus, participants will have the chance to experience Kuwaiti culture first hand, and get to know our young and vibrant society, influenced by both Middle Eastern culture and international education.
